## BIG WEEK AHEAD Upsetting the Dope IN BASEBALLDOM

National and International Meet Today-Akron Supplants Binghamton.

New York, Dec. 8.—This is going to be a big week for the politicians of

National and International league magnates are gathering here today for the annual meetings of their respective leagues. The owners of the senior major league will get together at the council table tomorrow afternoon. The new International league will meet at the Imperial hotel today.

These two meetings, however, are being crowded from the spotlight by the doings of the warring American leaguers. Two calls have been issued for the American meeting. The "fighting directors" have called the meeting here and will not go to Chicago. Whether or not Ban Johnson and his supporters will come here for the meeting Wednesday remains to be seen.

The International league magnates will take in a new member today officially admitting Akron, Ohio, in place of Binghamton. The league will take up the matter of electing a president and is expected to re-elect David Fults, but there is a fight between James McCaffey of Toronto and the league president.

dent.

The National league meeting promises to be serene and largely routine.

Barney Dreyfus is expected to announce his 1920 manager at Pittsburgh.

George Gibson, released as manager by Toronto, which club has signed Hugh Duffy, has been in Pittsburgh. It is believed he will succeed Hugo Bezdek.

#### Sprays and Local Application Will Not Cure Catarrh

Don't deceive yourself, if by the persistent use of sprays, douches, salves and other local applications you have stopped the discharge from your nose and throat. The trouble will return in a more aggravated

will return in a more aggravated form.

It is said that the glands of the nose and throat act as an "emergency plug for the human sewage system"; that when the kidneys, skin and lungs are unable to properly dispose of some of the impurities that collect in those organs, such impurities are thrown out through the glands of the nose and throat.

Head colds, due to exposure, must not be confused with that chronic, aggravated condition of the nose and throat traceable to impure blood.

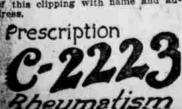

The best way to relieve this condition of chronic catarrh is by cleansing the blood of all the impurities that have collected in the system. There is no better treatment than Plough's Prescription C-2223, the great blood purifier. This reliable alterative prescription treatment corrects the impure state of the blood, gives the tissues an opportunity to exercise their normal functions and results in the relief of the catarrhal condition so dangerous to good health.

To secure the best results in taking Plough's Prescription C-2223, the liver should be made active and the bowels regular. 2223 Liver Pills are recommended especially for this purpose. These pills do not sicken or sripe. One pill is a dose and only three need be taken a week to keep the liver and bowels in a healthy condition.

This is a part of the regular routine at Center, however, and on at least one occasion this season—when West Virginia played at Danville—

## JACK SHARKEY

English Flyweight Outfought by New York Bantam in Milwaukee.

Great Britain has never produced a heavyweight since Mitchell's day who was even in line for a championship challenge. Barring one man—the English uyweight champion, making his first American appearance, was decisively outpointed by Jack. The wonder is that the British empire could produce a marvel of the Fitzsimmons type and then fall so utterly with all her other candidates. The United States have not produced any too many heavyweight marvels, but your Uncle Samuel has always managed to have at least one headliner ready in the span between Sullivan and Dempsey.

Mitwaukee, Dec. 8.—Tommy Wilde, the English uyweight champion, making his first American appearance, was decisively outpointed by Jack Sharkey, a New York bantamweight. Sharkey made the required weight —118 pounds at 7 o'clock—while wilde scaled exactly 107 1-4.

Saturally night.

Sharkey made the required weight
—116 pounds at 7 o'clock—while
Wilde scaled exactly 107 1-4.

Wilde was a 3-to-1 favorite, alhough there were plenty of Sharkey admirers in evidence.

In the lighter and lesser weights Great Britain has done much better with such men as Freddy Welsh, Owen Moran and Jimmy Wilde. These carried class in copious quantities. But the gap between these and her heavy weights has been another Grand Canyon. Les Darcy stood out as a middle-weight, but not among the heavies. Bombardier Wells and Bill Squires both had every appearance of greatness in training. They had weight, power, speed and they know how to box.

But neither could absorb a punch without first crumpling up. Wilde was given a tremendous ovation when he peeled off his bath-robe. Sharkey followed a few minutes later.
"Don't do a Joe Becket," yelled some one from the crowa. The little Welshman only smiled.

WOULD BORROW OF U. S.
Buenos Aires, Dec. S.—Domingo Salaberry, Argentine minister of finance, who will go to the United States as delegate to the Pan-American financial congres, will study while there the possibility of negotiating a loan of \$300,000,000 which is said to have been offered to Argentine by North American banks on "very good terms," says La Nacion this morning. If negotiated the loan would be used for consolidating the national floating debt.

LORD CECIL PESSIMISTIC
Liverpool, Dec. 8.—Lord Robert Cecil, in a speech last night, said he did not think the alliance between the United States, France and Great Britain, guaranteeing assistance for France in case of future aggression by Germany would materialize. Such alliances, Lord Robert declared, always broke down just when they were wanted.

Few Escape.

There are few indeed who escape having at least one cold during the winter months, and they are fortunate who have but one and get through with it quickly and without any serious consequences. Take any serious consequences. Take Chamberlain's Cough Remedy and observe the directions with each bottle, and you are likely to be one of the fortunate ones. The worth and merit of this remedy has been fully proven. There are many families proven. There are many families who have always used it for years when troubled with a cough or cold, and with the very best results.

#### Warn Dealers of "Home Brew" Ingredients

Detroit, Dec. 8 .- The internal revenue bureau's department of prohibition enforcement got into action in Michigan Friday with a warning to dealers in ready-prepared ingred-ients for "home brew," and a hint that five Michigan breweries alleged to have been manufacturing and sell-ing beer of a greater alcoholic content than allowed by the law may

The "home brew" order is expected to affect the activities of sixty or more dealers, which according to Revenue Collector Grogan, have been doing thousands of dollars worth of business weekly as a result of a na-tional advertising campaign. Mr. Grogan warned such dealers

that advertising which though only by inference invited violation of the prohibtion laws might be held un-lawful and that if intent to violate the la in this manner was estab-lished prosecutions would follow: The action of the local agents was taken on instructions from Wash-ington officials.

FOG PREVENTS AIR CHASE FOG PREVENIS AIR CHASE
san Antonio, Tex., Dec. 8.—Col. Beaumont B. Buck, commander of the
Laredo district, was prevented from
sending aeroplanes with machine guns
to chase the bandits who raided the
store at the Clareno ranch and bound
and gagged the storekeeper after looting his place, because of the heavy fog.
He says there was no hope of capturing the men. The understanding along
the border is that the United States
soldiers will not go after the bandits
unless there is excellent reason for beileving they will be captured. Adjutant
Gen. Cope of the Texas national guard,
has ordered a squad of rangers to go
from Laredo to Zapata to try and capture the bandits.

MURDERED OVER WHISKY Ducktown, Dec. 8.—News has just reached here of the killing of Sam Burgess by Jim Waldroup, just across the state line in Cherokee county, North Carolina. It is reported that Waldroup was operating a wildcat still near the home of Burgess. Burgess had ordered Waldroup, it was said, to remove the still outfit. Waldroup refused to do so, and Burges took and ax and destroyed the still. Within a few hours after the still was detroyed Waldroup me Burges in the public road, drew his revolver and shot Burgess twice, killing him instantly. A reward of \$600 is offered for the arrest of Waldroup.

Boxing in America has been badly restricted. It has been banned in the majority of states. But in England boxing has been given every encouragement. There a man could battle twenty rounds with a fine chance for championship development. But even with this advantage for some queer reason the heavyweight crop runs strictly to weeds. No wonder English sportsmen stood up and gave three cheers when Beckett hove in sight some months ago. And not even his inability to feed McGoorty a sleep-producing tonic within less than seventeen rounds could chill their enthusiasm.
